London, November 27/52.

My Dear Sir,

I have written an article on the Education of Coloured fugitives in England, intending to send it to the Anti Slavery Advocate, but as the space in that journal is so small, and its publication so infrequent (monthly) I have at the suggestion of Mr. Thompson sent it to you in order that you may if you think it possesses sufficient interest for the readers of the Liberator

place it in its column

Yours very truly

W. L. Garrison
